Fulton's 426 added to the 836 registered there October 4 brings her total to 1295, making a grand total registered in the county of 2,286.

WOMAN'S MEETING WELL ATTENDED

Woman's Missionary Conference Met at Methodist Church.

The Woman's Missionary meeting of the Union City district of the Memphis Conference met here at the First Methodist Church last Thursday and Friday. It was the best in many respects ever held in the history of that district. The weather and roads were in good condition enabling many to come in cars from all over the district. Twenty-five delegates, besides visitors were present at the opening session, and more arrived the following day.

The conference opened Thursday afternoon, with the new district secretary, Mrs. Vodie Hardin, of Fulton, in the chair, and she presided over all the services, carrying out the splendid program which was given in last week's issue of The Courier.

Mrs. Paul Jefferson of Martin, superintendent of children's work, Mrs. A. L. Dick, superintendent of young people's work, and Mrs. C. W. Nichols, of Jackson conference president, were three conference officers present and all made helpful addresses.

The reports of the delegates were unusually good. The best report was from Water Valley, recently organized by Fulton auxiliaries. Mt. Zion had the best report of any country auxiliary and Fulton Church reported the largest membership.

A most delightful lunch was served at the church Friday and after a social hour the conference was called for a short business session. Fulton's invitation for the next district meeting was accepted, and the most delightful and helpful conference closed.

NEW EXPRESS AGENT.

S. L. McNutt, of Clarksville, Tenn., arrived to take charge of the express office as agent here Monday. He takes the place of R. M. Isler, who a short time ago was retired on a pension. Mr. McNutt is experienced in this line of work, having been connected with the Clarksville office for a considerable length of time before accepting this position.

Mrs. Howard Thomas and two children and Mrs. Merame of Mounds, Ill., spent the day with Chas. Isbell and family Wednesday.

Mrs. J. M. Hubbard and daughter, Mrs. W. B. Amberg, left Sunday night for Detroit, Mich., to visit Mr. and Mrs. B. R. Turpin.

Chas. Isbell, wife and little son, Leslie Stahr motored to Philliply, Sunday and spent the day with Chas. Philliply and family.

Mrs. F. E. Case has returned home from a visit to her daughters, Mrs. Perry Selby and Mrs. Blanche Kennedy, of St. Louis.

B. M. Waite, of Louisville was here the latter part of last week, going from here to Hales Point, Tenn., on business.

Joe H. Kirkpatrick of Portland, Oregon, is visiting at the home of Miss Homer Green and his old friends here.

HENRY C. OWENS BURIED SUNDAY

Lost Life in Argonne Forest October 2, 1918.

Funeral services were held Sunday afternoon at 2:30 o'clock over the remains of Corporal Henry Clay Owens, a Hickman boy and a son of Mrs. Agnes Owens, who was killed during the intensive fighting in the Argonne Forest a little over a month before the armistice was signed. The services were held at the Christian Church, the pastor, the Rev. E. L. Miley, and Dr. H. B. Johnston, having charge.

The burial took place at the Cemetery, with appropriate ceremonies by the local post of the American Legion, under whose direction the funeral was held.

Corp. Owens was born at Hornbeck, Tenn., March 3, 1896, and moved to Hickman in 1910. He later went to St. Louis where he remained until he enlisted in the army in July, 1917, in Company H, 138th Infantry, 35th Division. He received his training at Fort Sill, Okla., and sailed overseas in April, 1918. His first fighting was in the Vosges Mountains, and from there he was transferred to the Argonne Forest, where he lost his life Oct. 2, 1918. His body arrived in Hickman Saturday under the care of the customary military escort, and was taken care of by the American Legion.

FULTON WINS

The Hickman High eleven was smothered by the South Fulton team Friday at the Fair Grounds in Fulton. The local lads were handicapped by their inexperience and could do nothing with the offense of the victors. Seventy of the 104 points came in the first half. In the second period the line work of the Hickman team improved. All of Fulton's touchdowns came as results of long end runs which the local boys time and again were unable to break up. Both teams were weak in the forward pass game. Fulton completed one which was for a short gain only. The Hickman lads made no gains by the aerial route, and only at times were they able to penetrate the victory, and then they could not gain consistently. Most of their end runs failed to net any large gains. Often the line gave way and Bill Cook was thrown for a loss. Seldom was the Hickman line able to burrow a hole large enough for the runner to penetrate. The backfield of Fulton showed a drive and power, which was hard to check. Their line showed up well on the defense also and on the offense enabled the fast backs to get a good start. The work of Cook and Hamby stood out well for the Hickman Hornets. Campbell boys did excellent work for South Fulton.

MEN'S BIBLE CLASS GIVE A BARBECUE

The Men's Bible Class of the First Methodist Church did a great thing Monday night. They barbecued two hogs and three sheep and invited the entire church to eat with them. It was a delightful occasion, with more than 250 people assembled. They had some splendid musical numbers played by Miss Thela Barnes. Several speeches were made, after which the Rev. R. A. Clark, presiding elder, held quarterly conference. Ninety-two people remained for the conference.

A very fine showing made by the church was expressed in the report by the pastor, Dr. H. B. Johnston. The board of stewards for the coming year is a fine body of men: A. O. Caruthers, W. A. Johnston, H. L. Amberg, Henry Sanger, John Choate, A. H. Leet, S. T. Roper, B. E. Blow, Dr. H. E. Prather, Dr. J. C. Morrison, Herbert T. Slade, F. T. Randle, M. M. Tullosa, Ben Briggs, Frank Watson, Chas. D. Nugent, M. M. Spradlin. This church should make a great advance with this kind of leadership.

About ten days ago Albert Fuqua, a colored man residing in East Hickman, missed his horse, and not finding him in the city pound, made inquiries but could find no one who had seen him anywhere and could get no trace of him. On last Saturday the air became so foul on the hill east of the business section that an investigation was made to find the source, and in the old cistern on the vacant lot where the Carpenter home stood, Fuqua's horse was found. The horse in walking around that part of the city in the dark tumbled into the cistern.

The 50th anniversary of the Woman's Auxiliary to the Board of Missions of the Episcopal Church was observed Sunday, Oct. 16th. The Rector of St. Paul's Church, Dr. W. F. Rennerberg, preached from the text: "She Hath Done What She Could." A strong, inspiring sermon telling of the growth and work of the organization. The \$14,000,000 contributed has been used largely for girls' schools and women's work.

Ed Mosely, city mail carrier, has moved to the Len Callahan home on Troy Road. Mr. Mosely and family have been residing at State Line.

The Courier is in receipt of a card from Frank Watson, who went to Colorado Springs, Colo., a few days ago. He says he is slightly improved.

Allen Sale, of Louisville is here for several days.

Style in Writing.
In style, as in other things, it is well always to aim at the combination of as many excellencies as possible—opposite excellencies, it may be—those other beauties of prose. A busy age will hardly educate its writers in correctness. Let its writers take time to write English more as a learned language; and completing that correction of style which had only gone a certain way in the last century, raise the general level of language towards their own.—Pater.

To The Presiding Elder and Members
of the Quarterly Conference, Gross-
ing:

I was not present at the third Quar-
terly Conference. I was with my wife
in the hospital. I wish to thank the
church for allowing me to be absent in
July. Since the last Sunday in July

I have been at work. I have preached
once in Henry Addition, three times in
West Hickman at different places,
once at the Methodist, once at the Jali-
egar in West Hickman Church, and
once twice at each of the three
Methodist.

The average prayer meeting was 21
and the average Sunday School per-
centage was 167. The average
percentage was 167. The average
percentage was 167.

For nine months was 90-10 and last

year 123-3-15. Healthy growth. The
greatest interest is in men's and
women's classes. If the other classes
were in proportion, the school would
be much larger. The church attendance
is never large. It is as good as
the church expects.

I have diminished by church confer-
ence Mrs. Minnie Frank, Hernando De-
Soto Boone and Mrs. Mary J. Boone.
Lewis P. Babcock joined the Baptists
without notice. One death, Miss Mar-
garet Lucie Barnes.

Have received by certificate, Edwin
Fugue, Mrs. Berneice Sibley, Mrs. Jolin
Fritchard Waters, Chas. D. Nugent, Mrs.
Bertha Nugent, Dr. J. C. Morrison,
Mrs. J. G. Morrison, Cleveland Council,
Mrs. John Comell. By baptism, Elmer
and Pearl Wade. The present mem-

bership is 348.

I have met with the ladies in most
of their meetings and have taken an
interest in everything that would help
the people. The church did much to
help put four nurses in the County.

Mrs. J. M. Calvin, Mrs. Fletcher
Waters, Miss Mildred Thompson, and
Miss Audry Call have charge of the
Junior League and Young People's
Missionary Society.

Last Wednesday night the church
held a memorial service for Bishop
Lambuth. The church entertained the
Woman's Missionary Society of the
Union City District on the 13th and
14th. It was a fine meeting.

Miss Sophie Lansford and Cecil E.
Foster were elected by the Church to
represent the Centenary and educational

money.

Rev. J. A. Burrow spent a Sunday
with us. He secured forty-four sub-
scriptions and renewals for The Mid-
land Methodist. This Church was one
of a few charge in the District to get
the full quota for the Midland last
year, was one of two to secure the Bi-
centennial apportionment, was one of three
to secure the allotment for Superan-
nual.

HIGHWAY MEASURE
TO AID UNEMPLOYEDAppropriation, if Passed, Will Provide
Jobs for 300,000 Men.

Funds making possible the employment of from 300,000 to 350,000 men for one roadbuilding season are appropriated by the federal highway bill at present in conference and expected to pass Congress within the next few days.

The bill, agreed upon by the conference, carries a \$75,000,000 appropriation, of which \$25,000,000 is to be available for distribution among the states as federal aid in road construction when the bill becomes a law, and \$50,000,000 six months later. In addition, \$35,000,000 is to be immediately available for national forest roads and \$10,000,000 more on July 1, 1922.

The federal aid appropriation will be distributed and administered under the supervision of the bureau of public roads, United States Department of Agriculture. In continuing the operations of the plan the government is taking a step that should have far-reaching effect in relieving the present unemployment situation, and in some states it will make possible the continued employment of men who would otherwise be thrown out of work and thus swell the ranks of the idle.

This federal money is to be matched by funds under the direct control of the state highway department. When so matched—and in many cases the states have taken action and are simply awaiting the availability of the government appropriation—it is estimated that it will make possible road work which will give employment to from 300,000 to 350,000 men for six months distributed over the period required to spend the money. This estimate of unemployment includes men employed on actual construction, and in addition men employed in producing and hauling materials.

To get the benefit of federal road building funds each state must appropriate at least as much money as is allotted to it by the federal government, with the exception of a few states having unoccupied public land to the extent of more than 5 per cent of the state's area. In these cases the state's share is reduced.

DON'T FORGET THE PULLET SALE. If you received eggs from the bank last spring you are expected to return one good salable pullet to that bank for each setting of eggs received or pay the bank from which you got the eggs, \$1.25 per setting and keep the pullets. If you got your eggs from the Farmers' Bank at Fulton you are expected to have your pullets at the bank as early as possible Friday morning, Oct. 28th. It will be greatly appreciated if you will give this sale wide publicity among your friends in order that we may have a large number of interested persons present on the day of this sale. We are hoping that the people of Fulton County will realize the value of these purebred chickens and take advantage of the very reasonable rate that they will sell for and retain them at home.

SEED CORN—SELECT IT NOW.

If you will put a box on the side of your wagon bed and while you are gathering select next year's seed corn you will thus have saved time and have better seed corn next year. In the field you can select ears from stalks that suit you and gradually breed up any kind of corn you want. You select for high or low eared varieties, short shanks, drooping ears two eared or one eared varieties or any other character you desire. By experimentation we find that field selected seed increases the yield 5 to 15 bushels per acre. Select it this way, shuck it out and string it up to cure out and you have the best seed possible. Try it and see for yourself.

FARM ACCOUNTS CHECKED OVER.

Last spring two farm account schools were held by the County Agent and C. U. Jett, from the College of Agriculture and 30 farm account books were put into the hands of farmers of Fulton County and they were taught how to use them and thereby apply business methods to farming. Three days of last week the county agent and C. U. Jett visited these farm account men and found the majority of them in an unusually good shape. Our great problem after all is said, is one of production, not more production but certainly more economical production and when we apply business methods by keeping farm records and thus learn what our cost of production is, where our weak and strong points are, so that we can remedy them, the marketing will take care of itself.

WALKOUT ORDERED
FOR 6 A. M. OCT. 30Bill Unions Order Strike on First Di-
vision of 17 Roads

A railway strike has been called. Railway workers on seventeen roads operating in various sections of the country will be called out October 30, it became known Saturday night.

The strike orders have been formally issued by the brotherhood chiefs, and will become effective at 6 o'clock the morning of the date given. If the plan already announced is adhered to, other groups will be called out within a short time thereafter.

For the purposes of the strike, the unions divided the railroads into four groups. Employes on seventeen roads in group No. 1 will be ordered to walk out October 30, and the strikes will be called on the other groups at intervals of twenty-four hours, union leaders said.

The 500 general chairmen will issue the strike orders over their own signatures to the minor chairmen under them. There will be no further public statements or announcements concerning the strike of the unions, it was said.

An official list of the roads involved in the order to walk out at 6 o'clock on the morning of October 30 follows:

Chicago & Northwestern: Texas Pacific; Kansas City Southern; Pennsylvania; Missouri Pacific; International & Great Northern; Southern Pacific (Atlantic and Pacific lines); Southern Railway; Louisville & Nashville; Virginia Railroad; St. Louis & Southwestern; Chicago, Milwaukee & St. Paul (lines east and west); Northern Pacific; Chicago, Rock Island & Pacific; Seaboard Air Line; Erie; Delaware & Hudson.

Phil Crippage, wife and children of Cartersville, and Mrs. Ellen Stone of Porterdale motored through Sunday and spent the day with Mrs. T. A. Ledford. Mrs. Stone remained to visit her son, Roscoe Stone. Miss Ruth Barrett returned home with them.

Miss Martha Moore is improving, after an attack of malaria fever.

No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC gives relief from Worms, and is a powerful medicine to improve the digestion, and acts as a general strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

OXFORD

Tires - Tubes

The Oxford Tires and Tubes are strictly high grade, first quality, and are in a class alone, when quality is considered, and price demanded.

The Oxford Tire is a 6,000-mile tire, and has been thoroughly tested, and is adapted particularly for Southern climate, and has proven so.

The Oxford Tire is known to the tire world to be absolutely the best value that has ever been offered the buying public by any responsible concern.

In order that you may know and appreciate just what real service means, we respectfully request that you call on your nearest Oxford dealer and have him install your needs.

HOME TOWN PAPER WEEK

Nation-Wide Movement Set for November 7th to 12th.

Every Four Corners has its Home Town week nowadays, but all the boys and girls who have wandered from the Township Center cannot get back to enjoy the loved surroundings. But all can subscribe to the old home town paper and thus keep well in touch with the little spot they once called home.

What joy to run over the school promotions and find that the tots of a few years ago are moving higher and higher in scholastic circles and eventually blossom forth as the "sweet girl graduates," or the clean strong boys discarding knickers.

Just watch that hardened old city codger open up his home paper—it is the first thing he picks up out of his bunch of mail—and what can he find there to interest him? Angus McGugan's horse died yesterday; Peter McGregor will run for the county clerkship; Horace Jell hopes to win the secretaryship of the Hilltown Agricultural Society; Lydia Munger has opened a millinery store; Mrs. Brown lost her hand satchel in the butchery; Dr. Dorland is attending Clara Brown, who is down with a severe cold; Mrs. Plateau broke her ankle and is in the county hospital.

Yet though he smiles at the old-time styles and expressions he enjoys it all over and over again, for it takes his mind back home where his wonderful boyhood days—happy days—were spent.

CITY TAX BOOKS READY.

The city tax books are now ready and may be seen at the sheriff's office. Please call and pay same as the penalty goes on November 1.

SENATOR KNOX, STRICKEN, DIES

Unexpected Death Comes Two Days After Return to Capital from Europe.

Philander Chase Knox, senator from Pennsylvania, and secretary of state under President William Howard Taft, died unexpectedly at his home in Washington last week. He was stricken by paralysis after descending the stairway on his way to the dining room for dinner and died fifteen minutes later without regaining consciousness.

Mrs. Knox and the senator's secretary, W. F. Martin, were near the senator and hurried to his aid. Dr. Samuel Adams was summoned immediately, but he found Mr. Knox beyond medical aid.

Mr. Knox returned to Washington only Monday night from a trip to Europe with Mrs. Knox and he attended the sessions of the Senate the day he expired.

Leaving the Senate chamber about 5 o'clock in the afternoon, the senator took an automobile ride through Potomac Park and stopped on his way home to purchase tickets for a theatre performance that night. Reaching home, he went to his library, where he remained until summoned to dinner.

President Warren G. Harding, Chief Justice Taft, Senator Henry Cabot Lodge, Massachusetts, the Republican leader; Senator Boies Penrose, Pennsylvania, and other friends and close associates of Mr. Knox were soon notified of the senator's death.

The news came as a shock to all official Washington, for the senator thru his services, first as attorney general under Presidents William McKinley and Theodore Roosevelt, and later as secretary of state under Mr. Taft, had a wide circle of friends in all walks of public life, congressional, diplomatic and legal.

He was the author of the peace resolution bearing his name, and one of the Senate conferees in adjusting it with the Porter resolution. The resolution was passed at this session of Congress, and it was under it that Mr. Harding negotiated the pending treaties of peace with Germany, Austria and Hungary.

When Congress took a recess late in August Mr. Knox left for Europe with Mrs. Knox for a vacation and was absent slightly more than three weeks. He sought to reach Washington in time to vote on the Panama Canal tolls repeal, but arrived some hours after the vote had been taken. He told his associates that, while he had been benefited by his vacation, he felt somewhat tired.

Mr. Knox was 68 years old, and was serving in the Senate for a second time, having been first appointed in 1904 to succeed the late Senator Matthew Stanley Quay. He was elected to succeed himself in 1905, but resigned four years later to become secretary of state.

And so on and on.

Congress is doing a lot of business of that size if it is not doing much with the big things which win national attention.—Buffalo Enquirer.

A TONIC

Grove's Tasteless chill Tonic restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

Grove's Tasteless chill Tonic is simply Iron and Quinine suspended in syrup. So pleasant even children like it. The blood needs QUININE to Purify it and IRON to Enrich it. Destroys Malarial germs and Grip germs by its Strengthening, Invigorating Effect. 60c.

WHY SHE FAILED TO REDUCE

Patient Evidently Had Not Properly Understood the Orders Given Her by Her Physician.

The woman who sat in the physician's consulting room was certainly stout, and her reason for being there was that the man of medicine might prescribe some course of treatment which would reduce her corpulence.

After some consideration the great man drew up a dietary, and instructed her to report to him in a month.

At the end of that time the doctor saw her again, stouter than ever.

"Are you sure you ate what I ordered?" asked the physician, aghast. "Everything!" answered the patient. His brow wrinkled in perplexity. "And nothing else?"

"Nothing whatever, doctor—except, of course, my ordinary meals."

MOST DREADED SEA MONSTER

Octopus More to Be Feared Than That Enemy of All Swimming Things, the Shark.

Can you imagine a small so big and so powerful that he can overcome the strongest man?

His name? Why, the octopus, that fearsome monster whose eight long arms, covered with powerful suckers, can enfold and hold fast the strongest human swimmer or the fiercest and most active fish. The octopus is a huge snail, whose shell is contained within his body.

Normally he lives at the bottom of the sea, thrusting his soft pulpy body into a hole in the rocks, and allowing his tentacles to wave to and fro in the water in search of any luckless prey that may come their way. If one of his arms touches anything living, it adheres to it immediately. First one arm and then another is wrapped around the struggling thing until it is held so fast that it is incapable of movement. Then the tentacles contract and bring their captive to the beaklike mouth.

The octopus can move through the water at an amazing speed. He does this by filling his body with water, and then squirting it out violently. If pursued by an enemy he throws out a kind of smoke-like screen by discharging the contents of his sepia-bag.

Milk as Glue.

Fancy using milk as glue! The milk does not come from the cow, but from a wonderful tree called the cow-tree. But, for all that, it is quite as pleasant to drink as the milk we get from the dairy.

The tree is one of the largest to be found in the dense forests of Brazil. Its bark is deeply scored, reddish and ragged.

Cuts are made in the trunk to allow the milk to flow, but a supply can be obtained equally well from one which has been cut down for some time.

A traveler had some of the milk drawn from dry logs which had been standing many days in the hot sun. He found it pleasant with coffee. It soon thickened to a glue, and often he saw the natives use it to cement broken crockery.

Pictures of Christ represent the artists' imaginative conceptions, based more or less on Biblical and other descriptions of His personal appearance. Community's Archives

"Can you tell me the date the Baptist church burned—I mean, of course, the famous fire that all the old inhabitants talk about?"

The librarian looked up from her work. "No, I can't tell you the exact date, but I think I can find it for you quickly, for we have the files of the local paper since it was started. My impression is that the fire—the big fire, as they call it—was about 1873, and it won't be a very long job to look it up."

She went to the stacks in the rear of the library, pulled out a dusty bound volume marked "Herald, 1873," and spread it open on the table. "Ah, here it is," she said, after a minute spent in turning over the yellow leaves.

The person who had inquired for the date, a member of the woman's club of the town, sat down and read the article. "This gives me exactly the information I wanted," she said.

"I thought it would," said the librarian. "I fear most people do not appreciate how valuable is the local newspaper from the viewpoint of local history. In fact, it seems to me that it is about our only source. Only when an event gets into print is it officially recorded and filed for reference. Filmus as it is, the printed word of today is the counterpart of the ancient stone inscriptions that give us records of a long-ago yesterday. I consider the bound volumes of our local papers perhaps the most valuable possession of this library."

There's at least one librarian who is giving "Subscribe for Your Home Town Paper Week," which will be observed November 7-12, the most hearty backing she can give.

Greatest Fashion Event of Winter Peggy Paige WEEK

Defining Authoritatively the Accepted Mode
In Every Department of the Store

WITH the entire store participating, with every department in full winter array, tomorrow will open a series of fashion events that will definitely present the final trend of the mode for winter—what Paris has settled and America accepted for the winter season of 1921.

The central note of the showing is the presentation of Peggy Paige Dresses for winter; the dominating thought is Smartness—the mark of Peggy Paige garments, the motive they express.

This showing brings definite word that skirts will be longer and irregular at the bottom. It brings the message of little or no change in silhouette but marked diversity and originality in trimmings and sleeves.

Altogether, it is a showing notable in distinction; truly expressive of the viewpoint of Paris as modified by American taste; living up to every obligation of the Peggy Paige label in the fine workmanship, honest fabrics and exceptional value at each price displayed; furnishing for winter wardrobe selections, a genuinely authoritative array of the styles that are undoubtedly CORRECT at a price that leaves them without rivals.

If you care for correctness, if you are fastidious about the style of the garments you wear, you will be here at the opening tomorrow to gather information and to see an exhibit that can guide your every fashion-choice this winter!

GLOVES As Paris Sees Them

PARIS has lengthened the glove but instead of meeting the sleeve, it is worn wrinkled around the wrist, leaving the forearm bare. The favorite materials are mosquitoire and black suede.

Even with the short-sleeved dinner gown is frequently worn a hand gauntlet with a much-trimmed and stiffened cuff. Black and white effects predominate. Other desired styles and materials await your choice at our Winter Opening.

A Fashion Note in FOOTWEAR

LOW shoes are still extensively worn and France, as usual, is responsible for the leathers and colors in which the American women will be fashionably shod. Suede slippers have been replaced by the black patent leather pump, worn with or without a large cut steel buckle. Strap slippers are shown in many intricate forms and on black patent leather pumps are seen scarlet, purple or royal blue heels.

"A SAFE PLACE TO TRADE"

NATIONAL LAW AGAINST RACING

Prohibits Mailing of News Concerning
Betting on Any Contest or Game

A Washington special to the Louisville Courier-Journal says:

Race tracks in Kentucky and other states virtually will be put out of business if the Senate approves legislation which the House unexpectedly wrote into a pending bill this afternoon.

The legislative "rider" closes the United States mails to any newspaper that publishes race track information, betting odds, form sheets and other data encouraging betting on horse racing.

Less than one-fifth of the House membership was present when the vote was taken. There was practically no debate and there was no roll call. A point of order was made that the legislative "rider" was not germane to the pending bill, but this was overruled and the drastic anti-racing provision went into the bill as offered by Representative Joseph Walsh, Republican, Massachusetts.

Newspapers and other periodicals, under the Walsh amendment, would be subject to a \$5,000 fine for depositing in the mails any issue containing information about racing odds and results. A five-year prison term may also be imposed under provisions of the bill.

The anti-racing amendment was tacked on to a pending bill to strengthen the laws covering the exclusion of fraudulent devices and lottery paraphernalia. The text of the Walsh amendment is as follows:

"No newspaper, postal card, letter, circular or other written or printed matter containing information or statements of advice or suggestions, or purporting to give the odds at which bets or wagers are being made or wagered on the outcome or the result of any horse race, prize fight or other contests of speed, strength or skill, or setting forth the wagers made or to be made or offered to be made, or the sums of money won or lost on the outcome or result of said contest by reason of such bets or wagers, or which set forth suggestions as to odds at which bets or wagers should be made or laid shall be deposited in or carried by the mails of the United States or be delivered by any postmaster or letter carrier, and such matter is hereby declared to be non-mailable, and any person who deposits or causes to be deposited, or shall send or cause to be sent any such thing to be conveyed or delivered by mail shall be fined not more than \$5,000 or imprisoned not more than five years or be liable to both such fine and imprisonment."

Strictly interpreted, the Walsh amendment would forbid the circulation of information regarding contests other than horse races and prize fights and may be made to apply to boat races, golf matches, base ball and football games, or other athletic contests or forms of amusement which sometimes bring out the sporting instincts of Americans and cause publication of the fact that betting odds are so and so.

MRS. MARY PROVOW DEAD

Mrs. Mary Provow, for fifteen years a resident of this city, died on Saturday of last week at the home of her daughter, Mrs. Will Thompson, at Union City, where she was temporarily residing. The remains were brought here on Sunday afternoon and funeral services held at the West Hickman Methodist church at 2 o'clock by Rev. V. E. Banks, and the presiding elder, Rev. Clark, of Union City, with interment at the City cemetery. Mrs. Provow was well known in West Hickman, where she had resided at intervals with different members of her family. She was the mother of twelve children, ten of whom survive her, together with a large number of grandchildren, and one great-grandchild. She was a member of the Methodist church with a splendid Christian character. Her age was 70 years, 1 month and 25 days.

Mrs. Dee Henry has been suffering with malarial fever during the past two weeks.

Frank Burrs, the little son of Mr. and Mrs. DeWitt Reid, has been quite sick during the past week.

CARD OF THANKS

We wish to take this means of thanking the friends and acquaintances of Henry C. Owens, and to especially thank the local post of the American Legion and Revs. H. B. Johnston and E. L. Miley and the members of the Christian church for their kindness.

SELF RELIANCE GOES BANKRUPT

Thin Blood Saps Energy—Gude's Pepto Mangan Rebuilds the Blood.

Wrestling with a weakened condition of the blood is a desperate struggle. Thin, watery blood deprives the body of energy and causes a played-out feeling not unlike utter exhaustion. A man with weak blood has not the full use of his powers. He lacks decision and vitality until he loses self-confidence.

Some men, and women too, go faltering along for months scarcely realizing that they need Gude's Pepto-Mangan, the blood-builder. But when they have taken it for a while what a difference there is in the feelings! The old-time vigor and the red-blooded hue of good health return. The new, rich blood gets to work, building, fortifying, lifting the spirit up to its normal standard. Physicians have prescribed Gude's Pepto-Mangan for years as a blood-builder. Druggists sell it in liquid and tablet form. Look for the name "Gude's Pepto-Mangan" on the package.—Adv.

CARDUI HELPED REGAIN STRENGTH

Alabama Lady Was Sick For Three Years, Suffering Pain, Nervous and Depressed—Read Her Own Story of Recovery.

Paint Rock, Ala.—Mrs. C. M. Stegall, of near here, recently related the following interesting account of her recovery: "I was in a weakened condition. I was sick three years in bed, suffering a great deal of pain, weak, nervous, depressed. I was so weak, I couldn't walk across the floor; just had to lay and my little ones do the work. I was almost dead. I tried every thing I heard of, and a number of doctors. Still I didn't get any relief. I couldn't eat, and slept poorly. I believe if I hadn't heard of and taken Cardui I would have died. I bought little bottles, after a neighbor told me what it did for her."

"I began to eat and sleep, began to gain my strength and am now well and strong. I haven't had any trouble since . . . I sure can testify to the good that Cardui did me. I don't think there is a better tonic made and I believe it saved my life."

For over 40 years, thousands of women have used Cardui successfully, in the treatment of many women's ailments.

If you suffer as these women did take Cardui. It may help you, too.

At all druggists.

A mile in length, and including 75,105 signatures, was a petition recently presented to the British House of Lords.

I AM THE COUNTRY NEWSPAPER

By BRISTOW ADAMS.

I am the Country Newspaper.
I am the friend of the family, the bringer of tidings from other friends; I speak to the home in the evening light of summer's vine-clad porch or the glow of winter's lamp.

I help to make this evening hour; I record the great and the small, the varied acts of the days and weeks that go to make up life.

I am for and of the home; I follow those who leave humble beginnings; whether they go to greatness or to the gutter, I take to them the thrill of old days, with wholesome messages.

I speak the language of the common man; my words are fitted to his understanding. My congregation is larger than that of any church in my town; my readers are more than those in the school. Young and old alike find in me stimulation, instruction, entertainment, inspiration, solace, comfort. I am the chronicler of birth, and love and death—the three great facts of man's existence.

I bring together buyer and seller, to the benefit of both; I am part of the market-place of the world. Into the home I carry word of the goods which feed and clothe and shelter, and which minister to comfort, ease, health, and happiness.

I am the word of the week, the history of the year, the record of my community in the archives of state and nation.

I am the exponent of the lives of my readers.

SOUTHERN SHORTHORN
EXHIBITION AND SALE

Systematic preliminary preparations are already being made for the most interesting and extensive purebred cattle event ever held in the South when the Second Annual Southern Shorthorn Exhibition and Sale is held on May 1st and 2nd, 1922. Representatives of the Nashville, Chattanooga & St. Louis Railway and the American Shorthorn Breeders Association are visiting all the registered Shorthorn herds in the Southern states, and are selecting only outstanding individuals to be grown out and finished for the event. A profitable cotton market is expected, together with substantial improvements in agricultural and general business conditions; and while the prevailing level of farm breeding animal values may not change materially within the next few months, relieved conditions, should they materialize, will logically encourage producers to purchase.

Cash premiums aggregating \$5,000 will be offered in the exhibition. This feature alone will attract strong competition among breeders and will insure the showing and selling of animals only of superlative worth.

It is difficult properly to realize the scope and significance of this undertaking. First of all, it affords a market for the surplus of the small breeder, which has hitherto been wanting, and encourages him to make extraordinary provision for developing his calves from birth, with this outlet specifically in view. The adoption of the practice is noted among breeders of many Southern districts since the holding of the first annual show and sale at Columbia, Tenn., June 20th and 21st, 1921.

L. P. Bellah, General Agent of Industries, Agriculture, and Immigration for the Nashville, Chattanooga & St. Louis Railway, Nashville, Tenn., who is actively in charge of the promotion and conduct of the Southern Shorthorn Exhibition and Sale, invites inquiries from breeders and others throughout the South who are interested in any way in the coming exhibition and sale.

OFF ALL the sheets from East to West the local paper is the best. Deep is our love and deep our debt to Record, Journal or Gazette. When first I landed on this ball, a bit of flesh wrapped 'round a skull, it welcomed me with joy and pride my life has never justified. It follows me my whole life through, with words all kind and mostly true; and even after I am hoarse 'twll tell me best and hide my worst. When in Oshkosh or Wichiup I wander homosick as a pup, or if in foreign lands I roam, it brings me pleasant news of home. Across the sands, across the sea, the old home paper comes to me. It is a friend both true and tried, and to its gentle, I point with pride; yes, I will hock my Sunday pants to pay up six years in advance.

PEACE TREATIES RATIFIED

The Senate Tuesday night ratified the treaties of peace with Germany, Austria and Hungary, closing the three years' struggle to end the war with the Central Powers of Europe.

The vote on ratification of the German treaty was 66 to 20, the yeas numbering eight more than the requisite two-thirds. The Austrian treaty was approved by the same vote. The Hungarian treaty was ratified by a vote of 66 to 17.

Peace with Germany will become an accomplished fact just as soon as the formal exchange of ratification is completed. The German Reichstag already having given its approval to the treaty. It is believed that the status of peace with Austria and Hungary will be restored with almost equal promptness. Fourteen Democrats joined with the Republicans to ratify the treaties. All but two of the votes against the treaties were cast by Democrats.

FUNERAL OF VALENTINE STAHR.

The body of Valentine Stahr, who was accidentally killed at his home in Galata, Mont., arrived in Hickman Wednesday night and the funeral services were held at the Catholic Church this morning at 9 o'clock. Father O'Sullivan conducting the services.

The accident through which Mr. Stahr met his death occurred last Thursday morning. While riding on a wagon, one of the wheels slipped off into a gulch, throwing the wagon, with Mr. Stahr, into the gulch, breaking his neck and severing the jugular vein, causing instant death. The body was brought here for burial, his brother, Steve Stahr of Hickman, going to Galata to accompany the body home.

He was seventy-two years old at the time of his death, and besides an aged wife, who was unable to accompany the body here, he is survived by two brothers, Steve of Hickman, and Billie of Fancy Farm, four daughters, Maggie, of near Seattle, Bertie of British Honduras, Maud and Ella of Galata, the

last named accompanying the remains here.

Residing in Hickman until about 15 years ago, Mr. Stahr went to Montana and at the time of his death was one of the large landholders of that section of the state, having lived there continuously since leaving Hickman.

GEOLOGISTS WILL HOLD CONFERENCE

Tennessee, Arkansas, Missouri and Kansas Geologists Here Today.

The greatest interest centers around the test well of Roney, Mitchell & Brue. This well is now about 3150 feet deep and the rapid changes in the formation during the past few days have excited the interest of oil men and geologists from many parts of the United States. Today there is being held in this city a conference of geologists from the States of Tennessee, Arkansas, Missouri and Kansas. The drill is momentarily expected to penetrate the oil sand and the outcome is naturally being watched by everyone.

IN MEMORIAM.

Mary Ann Provow was born in Johnson County, Ill., Aug. 21, 1851 and died at Union City, Tenn., Oct. 15, 1921, aged 70 years, 1 month and 25 days.

She was married to Francis Marion Provow, in 1863. To this union twelve children were born, 10 boys and 2 girls, all of whom survive her except two. Her companion was called to rest May 2nd, 1918.

She professed faith in Christ at an early age and lived a consistent Christian life and as her step grew feeble, her temples and head adorned with gray, she was busy in the vineyard of her Master, and made a faithful, loving servant. We know the poet has beautifully said, "We are born for a life higher than earth. There is a realm where the rainbow never fades, where death, nor tears nor sorrows never come. There with Christ and our loved ones gone before, we will meet our dear mother in eternity's dawn."

We should not grieve, has it not been written, "I am the resurrection and the life. He that believeth in Me though he were dead yet shall he live, and whosoever liveth and believeth in Me shall never die." Ah, how beautiful. No man has ever been able to declare so much to the people of faith as Jesus himself and He gives us this language from His own heart when placed in the home of the dead. If He spoke peace to the broken hearts of Mary and Martha, let us bow in humble submission to His will and grieve not for the dear one whom we loved so dear. Good-bye, farewell 'till we meet again.

Here are the paths, and sad the bowers, Since your dear form is gone; But oh, a brighter home than ours, In heaven is now thine own. Weep not that her tolls are over, Weep not that her race is run. God grant we may rest as calmly, When our work, like her's is done. Till then we yield with gladness, Our mother to Him to keep And rejoice in sweet assurance, "He giveth His loved one sleep."

One Who Loved Her.

"Give Me a Chance To Think!"

All right.

That chance will be during the week of November 7th to 12th.

During that week take a little time and go over in your mind the many things your home town paper has done—is doing—will continue to do—for your home town.

Think about it seriously.

Think whether or not you have stood loyally by at all times when the community's champion has needed financial and moral support.

Think whether or not you have always done your duty by the town's best friend.

Think how much better your home town paper could do if each citizen were as loyal to it as it is to them.

Think of some one far away who would enjoy the weekly visit from the old home town paper, then hand in a subscription for that far-away friend.

EXPOSE CONFIDENCE GAME

A dispatch from Dresden says: With the arrest of Clifford Abernathy (alias Whayne Scott) at Dodge City, Kan., a smooth confidence game was exposed and the alleged offender apprehended.

Clifford Abernathy was reared in Weakley county, and some fifteen months ago was sent by the Circuit Court here to a state reformatory, after a few days when he made his escape. Passing through his home country here, it is alleged that he robbed two country stores and made his way west with the loot. Some four weeks ago A. C. Bondurant, prominent citizen of this county and lumber dealer, went to Chicago on business. Before leaving home he arranged with the City State Bank of Martin to forward to him certain funds that he would need while away. After an absence of one week a letter from Kansas City, Mo., signed by A. C. Bondurant, addressed to the City State Bank, requested the bank to send draft for \$100 to Whayne D. Scott at Kansas City. This was forwarded by the bank as requested. Within a week another order came to the same bank, addressed in the same manner, requesting that another \$100 be sent, this time to Dodge City, Kan., to Whayne B. Scott. This amount was also forwarded. A few days since a similar request came to the bank, also signed by A. C. Bondurant, asking that \$1,000 be sent to an address in St. Louis, Mo.

The bank then became suspicious. In the meantime Bondurant had returned home and the bank officials sent for him and were soon convinced that Bondurant had not been in either Kansas or St. Louis, and that the bank was the victim of a clever and adroit forgery. Handwriting experts pronounced the signature of Bondurant to letters and drafts as perfect, and Bondurant stated that he would almost be forced to say that the handwriting was his if he did not know that he had not been to those places or executed the drafts and letters. The bank called to its assistance a detective agency, and that agency got on the track of the alleged forger and located him at Dodge City, Kan., where he was under arrest for forgery. High Sheriff B. Bullock left for Kansas for the prisoner.

MRS. VADA BELL

Mrs. Vada Bell, wife of Robert N. Bell, died at her home in West Hickman last Friday, after a long illness. She had been confined to her bed for something like six weeks, and death was not unexpected. Mrs. Bell was well known in West Hickman. Besides her husband she is survived by eight children—three daughters, Mrs. Floyd Hodder of Terrell, Tenn., Mrs. Bessie Haggard of Hickman, Mrs. Gussie Presson of Huntingdon, Tenn.; and five sons, J. C. Bell of Hinkledale, Tenn., and Tommie, Richard, Woodrow and Lorene Bell of Hickman; three sisters, Mrs. Mittie Burns of Dyersburg, Tenn., Mrs. May Bennie and Mrs. Eula Hubbard of Texas; and two brothers, N. W. Grooms and Grover Grooms of Brownwood, Texas. The remains were taken on Friday afternoon to McKenzie, Tenn., for burial.
